TLX SERIES ACHIEVES US DoD DISA JITC DoDIN APL CERTIFICATION FOR CYBERSECURITY AND INTEROPERABILITY : On DoD Networks

DoDIN Approved Products List

The Department of Defense Information Network (DoDIN) Approved Products List (APL) is the single consolidated list of products that affect communication and collaboration across the DoDIN. The DoDIN APL is an acquisition decision support tool for DoD organizations interested in procuring equipment to add to the DISN to support their mission. The DoDIN APL is managed by the Approved Products Certification Office (APCO).

Thinklogical has received U.S. Department of Defense DISA JITC [DoDIN Approved Products List](#) (APL) certification for its TLX series extenders and matrix switches.

The DoDIN APL is a single consolidated list of products that have completed cybersecurity (CS) and interoperability (IO) certification by the Defense Information Systems Agency (DISA). This certification allows all DoD component agencies to purchase and operate TLX systems over all DoD network infrastructures.

Thinklogical TLX Video Matrix Switching Solution achieved APL certification as a Closed Video Distribution System (VDS) on July 29, 2021, with tracking number 1823401. The IO Certification Memorandum is available for download [HERE](#).

In addition to the DoDIN APL, Thinklogical products are accredited to the Common Criteria EAL4, NATO Information Assurance Product Catalog (NIAPC), and TEMPEST SDIP 27 Level B. These information assurance (IA) certifications reflect Thinklogical's commitment to support the requirements of customers in the defense and intelligence communities. [LEARN MORE...](#)

AUSTRALIA, NEW ZEALAND & APAC: WE'RE GROWING!

NEW ADDRESS, NEW EMPLOYEE : Welcome Nathan Patrech

We're excited to announce an expansion of our sales and support infrastructure for customers in Australia, New Zealand and APAC. The Thinklogical office and Demonstration Centre in Fyshwick is moving to a new, larger location to better accommodate product training and solution demonstrations. The new address is: 1 Beaconsfield St., Unit 8, Fyshwick, Canberra ACT 2609.

SCHEDULE A DEMONSTRATION...

Nathan Patrech has joined Thinklogical as Technical Sales and Support Specialist, Asia Pacific. He comes to us from Diversified where he was Defense Account Manager. Nathan was also a Systems Engineer with Rutledge AV. Working with sales director John Coetzer, Nathan will support our customers in Australia, New Zealand and the APAC region with system designs, product training, and technical assistance.

Welcome Nathan!

John Coetzer
Sales Director, ANZ
